<i>Procedures</i>	<b>DeltaCare USA</b> <i>Pre-paid DMO Plan</i>	<b>Delta Dental Premier®</b>
<b>Important Information about each Plan</b>	<p>Each family member must select a participating DeltaCare USA dentist from their provider directory and have all dental services performed by that dentist. (Each member must designate a primary dentist. Households can elect up to 3 different offices across family members.) If you go to a dentist other than your selected network dentist, you and/or your dependents will have no coverage for those services rendered, except for certain dental emergencies.</p> <p>There are no claim forms to fill out, and the Trust Fund pays DeltaCare directly for your dental care needs.</p>	<p>Benefits are paid based on <i>contract allowances</i>. You may visit any licensed dentist, but when you visit a Delta Dental Premier dentist, you are assured that his/her fees are based on contracted fees. If you visit a non-Delta Dental dentist, you must pay the difference between the dentist's fee and the contracted fee.</p> <p>Members visiting a non-Delta Dental dentist are responsible for submitting claims directly to Delta Dental for processing. Any plan reimbursement is paid to member.</p>
